

Graduate Profile 2020

A Learner-Centered Vision of Education.

Our mission of empowering individuals to reach their highest potential goes far beyond the confines of curricula, schedules, and requirements. Our passion is the transformation of education from basic data collection to a dynamic process of knowledge creation and individual empowerment.

Empowerment isn't about giving individuals choices, but it is giving them resources and the tools to make informed choices.

The Wise Choice Process and Significant Learning are embedded in TLCI's system of reflection, evaluation, and correction encouraging learners to develop the Success Skills that help them make wise choices and create success.
